Quick Guide

Make the most of your access
to BMJ Journals

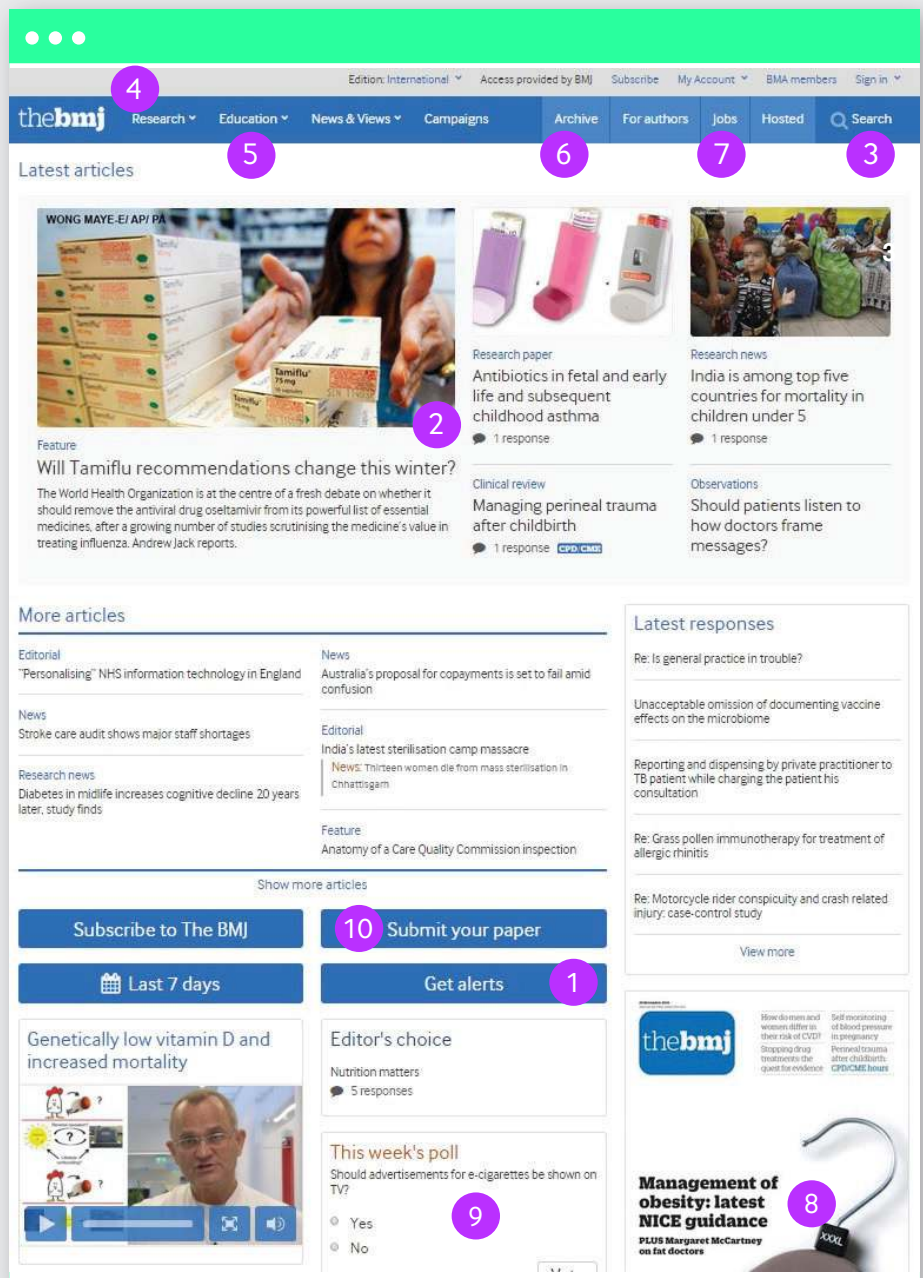

The BMJ is an international peer reviewed medical journal, updated daily online and available in print every week.

It publishes rigorous, accessible and entertaining material to help doctors and other decision makers in their daily practice, lifelong learning and career development. The BMJ now has a fully responsive site and an iPad app.

UK, US, India and international homepages are also available. You will be automatically directed to your relevant country homepage but use this navigation to see other country specific content.

thebmj.com

1. Register for email alerts, update your details or email preferences
2. View the latest content, news and features
3. Easily search for content back to volume 1, issue 1 (1840), or use the advanced search feature to search by author, title, or DOI
4. Browse by content type through individual channel pages for research, education, news & views, and campaigns
5. Read and interact with the latest education content, from endgames quizzes to CME articles
6. Browse the print and online archives or browse by specialty - 300+ clinical or non-clinical specialties. You may also visit the podcast and video archives from here
7. Browse the latest jobs
8. Read the current print issue or download the iPad edition
9. Vote in our weekly poll
10. Submit your paper to The BMJ

The screenshot shows the homepage of thebmj.com with various navigation and content elements. Numbered callouts (1-10) highlight specific features:

- 1: Get alerts button
- 2: Feature article: Will Tamiflu recommendations change this winter?
- 3: Search icon
- 4: Navigation menu (Research, Education, News & Views, Campaigns, Archive, For authors, Jobs, Hosted)
- 5: Latest articles section
- 6: Research paper: Antibiotics in fetal and early life and subsequent childhood asthma
- 7: Research news: India is among top five countries for mortality in children under 5
- 8: Management of obesity: latest NICE guidance
- 9: This week's poll: Should advertisements for e-cigarettes be shown on TV?
- 10: Submit your paper button

BMJ Journals publish over 60 medical journals across a range of specialties.

To view the full range of journals that we publish, look through the list at the back of this leaflet or visit journals.bmj.com. Enjoy online editor's choice articles, blogs, podcasts, online first articles and much more...

journals.bmj.com

1. Submit your paper via our online submission system
2. Browse the archive by year and issue
3. Read articles as soon as they are published online
4. View the current issue
5. Read an article selected by the editor
6. Read the top most read articles from the previous month
7. Register to receive regular electronic table of contents
8. Search the recent issue or archive via the advanced search tool

The screenshot shows the homepage of the journal 'Gut'. The layout includes a header with the journal title, a search bar, and a navigation menu. The main content area features a 'Current issue' section, an 'Editor's choice' section, and several other articles. A right-hand sidebar contains subscription and social media information. Numbered callouts (1-8) point to specific features: 1. 'Submit your paper' link in the navigation menu; 2. 'Archive' link in the navigation menu; 3. 'Current issue' section; 4. 'Current issue' details; 5. 'Editor's choice' section; 6. 'Top 10 articles' link in the bottom navigation; 7. 'Register to receive email alerts' button; 8. 'Search this site' bar.

BMJ's journals division now publishes more than 60 of the world's leading medical and allied science journals.

In doing so, we have pioneered the migration to digital publishing and the development of open access.
