

How to Login to Library Account

1. Go to the Mahidol library website: <https://library.mahidol.ac.th> Click 'Sign in' in the upper-right corner of the page to login to Library Account

2. Enter the barcode number on the back of the student card, or a Library ID from 'We Mahidol Application' in the 'Library ID' field. Enter 'mahidollibrary' in the 'Password' field. Click LOGIN to access the system.

Login here:

Enter the barcode number/Library ID

LIBRARY ID: 208222XXXXXXX

Enter the password received for the system

PASSWORD

CANCEL LOGIN

Note: If you do not want to use the default password set by the library, you can set a new password using the 'reset password' button.

How to Login to Library Account

3. In case you need to reset your password or have forgotten it, please click the “reset password” button. Enter your ‘Library ID’ or ‘Email’ to proceed with the password reset.

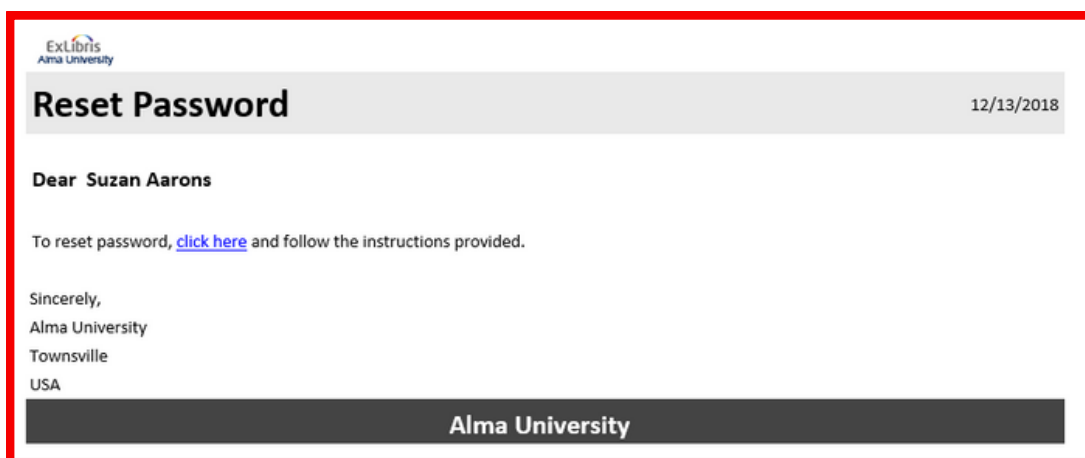

The image shows a web form titled 'ExLibris Sign In'. It asks the user to enter their primary identifier or registered email address. There are two input fields: one for 'User ID' and another for an email address (example@domain.com). Below the email field is a green 'Send' button.

Note: User ID is the barcode number on the back of the student card, or a Library ID from ‘We Mahidol Application’.

The email used for sending the password reset must be the email provided to the system.

4. The system will send a ‘password reset’ link to the user’s email. Click “click here” to set a new password.
